Grayling Man Charged With Scheer Motors B & E

Tim Swales, 21, of Grayling, has been charged with an August 2nd breaking and entering of Scheer Motors. Grayling City Police said \$3,000 was taken from a safe in the cashier's office.

Swales was arrested Thursday, September 11, by city patrolman Scott Pellerito. Pellerito uncovered information about the August 2nd breaking and entering while investigating the Labor Day weekend breaking and entering and malicious destruction at Scheer Motors.

Preliminary examination of the charge against Swales will take place October 9 in 83rd District Court. Bond for Swales, a resident of 8407 South Chase Bridge Road, was set at \$10,000.

Artifacts Needed To Be Buried In Sesquicentennial Time Capsule

The Crawford County Sesquicentennial Agency is looking for more artifacts to bury in a time capsule October 15 on Thank You Grayling Day. The time capsule, a one-foot by two-foot box, will be opened 150 years from now. The burying of the time capsule will be the first official sesquicentennial event in Crawford County.

A Grayling High School yearbook, the book "The First One Hundred Years," and a Crawford County Avalanche are among the items already planned for the time capsule. If you have any small items or papers that show how we live, call the chamber of commerce.

B & E Suspect Arrested By Grayling City Police

Grayling City Police arrested a suspect last week in connection with a September 9th breaking and entering of the Grayling A & W. A service door was pried open at the A & W and \$145 was taken from a desk, which was also pried open. City Police Chief Pete Stephan said Kevin Whitehouse, 29, from Oakland County and on visa from England, has been charged and is currently in the county jail. Bond was set at \$3,000 and arraignment in 83rd District Court was set for Tuesday, Sept. 23.

"Moonlight Madness" Sale To Say Thank You Grayling

Grayling Promotional Association plans "Moonlight Madness" to coincide with "Thank You Grayling" Day. Plans are in process for a very special "Moonlight Madness" sale to be held on the evening of Wednesday, October 15th as the final event for "Thank You Grayling" day.

"Thank You Grayling" Day is a special day set aside to thank and honor the year long residents of Grayling and Crawford County for their support of local merchants, businesses, and professional people. The event was originated by the Grayling State Bank and GPA wanted to get on the band wagon. GPA members are planning special sales and promotions, so you'll want to watch this paper and listen to your local radio stations for all the good news.

Any retail merchant who does not belong to GPA and would like to participate can get information by calling "Moe" at 348-2181 or 348-2171, or Lanice at 348-4006.

NEW LOOK FOR CANOE RACING HALL OF FAME — A work crew from Camp Lehman finishes a new paint job on the International Canoe Racing Hall of Fame located next to the Grayling depot. A \$2,500 grant from Weyerhaeuser will help the Hall of Fame open next spring.

Hall of Fame Prepares For Springtime Opening, Museum Work Continues

A Weyerhaeuser Foundation grant for \$2,500 will help open the International Canoe Racing Hall of Fame next spring.

Grayling Chamber of Commerce director Terry Wright said the money will be used to pay for painting the building, inside cleaning and other work, and possibly some frames for pictures.

The \$2,500 grant has been approved by the Weyerhaeuser Foundation and the county historical society should receive the money by early October, Wright said. The Crawford County Historical Society will manage both the canoe racers Hall of Fame and the county museum. The canoe racing Hall of Fame is located in the former Grayling Township Hall next to the Grayling depot, which houses the county museum.

A Camp Lehman work crew has almost finished painting the Hall of Fame building. Earlier a Camp Lehman crew built a ramp to the building to provide access for persons in wheelchairs.

Wright said they hope to have the Hall of Fame building open by spring.

Museum director Robert Ruddy said renovation work continues at the depot. The Lions Club helped the historical society build a new stairway and eight other organizations are renovating rooms in the second story of the 1882 building.

The Rotary Club, the American Business

Womens Association, the Grayling Promotional Association, the Grayling Business and Professional Women, a group of veterans from Camp Grayling and the American Legion, a group of local doctors, a group from the Crawford AuSable School District, and Fred Bear along with Bear Archery will have displays in one or more rooms. In addition, a group of DNR employees are cleaning and repairing the caboose in front of the museum.

"We are very pleased with the progress we've made this year," said Ruddy, looking back on the first year in the Grayling depot. "We've got a lot more things we want to do but we're pleased in how far we've come along. The support by the community during this first year has just been tremendous. Everyone pitched in."

The Grayling Depot recently was added to the state Register of Historic Sites by the Michigan Historical Commission.

Ruddy said the designation will attract more visitors to the museum. Currently the historical society is looking for an area business or individual to donate money to buy the official sign to place outside the depot proclaiming it a historic site. The historical society is also checking into placing signs along I-75 informing travelers of the historic site in Grayling.

Federal Funds Drop State Funds Bolster County Dial-A-Ride

State transportation funds totalling about \$163,000 will be given to the Crawford County Transportation Authority for 1986-87.

David Frederick, director of the Dial-A-Ride system, said the \$163,000 represents a slight decrease in state funds from 1985-86.

"The state is trying to hold their level of funding," said Frederick. "It's the federal level of funding that is diminishing."

The 1986-87 budget for Dial-A-Ride requires \$420,000 in revenues to operate the service.

The state's \$163,000 represents about 39 percent of the revenues needed. Federal funds amount to about \$53,250 or 13 percent of the total.

A county-wide millage will bring in about \$137,518 in revenues and farebox revenues are estimated at \$65,000. These local revenues account for about 48 percent of the revenues.

"The federal funding has dropped from \$90,000 two years ago to \$53,250 for 1986-87," said Frederick. "Two years ago, the federal funds amounted to 25 percent of the revenues. It's dropped to 18 percent and now about 15 percent."

"If the federal levels stabilize somewhere around 15 percent, the system can survive

for a long time," he said. "If the federal revenues continue to go down, we'll have to take a hard look at the system."

Frederick said if federal revenues drop too far, the system could look at cutting services to reduce expenses or increase fares to take in more money.

The three major expenses in the 1986-87 budget which starts October 1 and runs to Sept. 30, 1987, are wages, fuel, and parts and repairs. Wages and benefits for 21 employees will cost about \$280,000 for 1986-87.

The Crawford Dial-A-Ride system is considered one of the best in the state based on its high ridership numbers. The system carries more than 120,000 persons in a year, one of the highest amounts in the state despite being located in a rural area.

"We carried the equivalent of every man, woman, and child in this county 12 times last year," said Frederick.

The state department transportation funds come from gas and weight taxes and from sales taxes on automotive-related products. In addition to operating funds, the state also grants capital funds to transportation systems. Last year the state bought Crawford County three new buses worth a total of \$100,000.

Law Requires Commissioner Position To Be Filled

Michigan law requires the Crawford County Board of Commissioners to fill a vacant commissioner position within 30 days or a special election must be held.

The commissioners must fill a position left open by the death of Crawford County Commissioner Andie Neilson on Saturday, Sept. 13.

Even with a regular election scheduled for November, the commissioners are mandated to fill the position within 30 days of Sept. 13 or a special election will be held, said Mary Harland, chairwoman of the county board.

To fill the position without holding a special meeting, the commissioners will have to appoint someone at their Thursday, September 25, meeting. Their next regularly scheduled meeting on Tuesday, October 14, is beyond the 30-day limit.

Harland said she doesn't like the idea of the county board choosing the representa-

tive for the district 3 area, but she doesn't like the idea of spending money for a special election to fill a three-month term.

"We're between a rock and a hard place on this one," she said.

If the commissioners appoint someone for the position, the person will serve the remainder of the term which expires December 31, 1986. Even if a special election is held to fill the position, the winner will only serve until the term expires Dec. 31.

Two candidates will be on the November ballot seeking a new two-year term for the district 3 commissioner position. Republican Earl Haight won a primary race to win a spot on the ballot. Democrat Ed Holtcamp will appear on the ballot replacing Andie Neilson. Holtcamp was selected by the Crawford County Democrat party last week to be placed on the November ballot.

District 3 covers all of Beaver Creek and most of the east side of South Branch.

Norman McLeod, 1895 - 1964

Grayling Native Earned Fame Through Hollywood Films

By Jon Thompson

The Crawford County Historical Museum may have to add a Hollywood wing soon after discovering a Grayling native, Norman McLeod, who directed more than 200 films.

McLeod, born in Grayling about 91 years ago on September 20, 1895, directed some of the biggest stars in Hollywood during his career — Bob Hope, Dorothy Lamour, Bing Crosby, Hedy Lamarr, the Marx brothers, W.C. Fields, Danny Kaye, Charles Ruggles, and Cary Grant.

Among the comedy films he produced were "The Secret Life of Walter Mitty," with Danny Kaye, "Road to Rio," with Hope and Crosby, "Pennies from Heaven," with Crosby, "My Favorite Spy," with Cary Grant, "It's a Gift," with W.C. Fields, and "Monkey Business," with the Marx brothers. Other films he produced were "Take A Chance," "The Miracle Man," "Topper," "Horsefeathers," "If I Had a Million," "Panama Hattie," "Kid from Brooklyn," "Never Wave at a Wac," "Alice in Wonderland," and "Paleface."

Norman McLeod was the younger son of Mattie (McGee) McLeod and William McLeod, a Presbyterian minister. William McLeod was the minister of the Congregational Church in Grayling while Bonar McLeod was born in 1894 and Norman in 1895.

It is not known how much of his childhood was spent in Grayling. His father eventually became minister in El Paso, Texas, and retired from that position to live in Seattle, Washington. Norman attended the University of Washington and earned bachelor and master degrees in Science there. He also won a U.S. Collegiate lightweight boxing championship during his college days, and one book jokingly remarked this may have been one reason he received a chance to direct the Marx brothers early in his career. "The idea of assigning him (Norman

McLeod) to "Monkey Business" ... could only have been, in light of the Marxes' unprofessional attitude toward cooperation, with a malicious eye on his boxing experience," says Joe Adamson in the book "Groucho, Harpo, Chico, and Sometimes Zeppo, A Celebration of the Marx Brothers."

McLeod earned the distinction of being the only director to last through more than one film with the famous Marx brothers. McLeod directed "Monkey Business" and "Horsefeathers."

McLeod married Evelyn "Bunny" Ward, a Kansas City social figure, in 1926. They lived in Los Angeles until his death in 1964.

McLeod broke into Hollywood by way of World War I. While serving with Canada's Royal Flying Corps, McLeod met Jack McDermott, a film director who later brought McLeod to Hollywood as his assistant. When their association ended, McLeod began drawing cartoon illustrations for subtitles for the silent Christie Comedies. He became one of the best at drawing the funny cartoons on the subtitles during the next nine years.

The first film he directed was "Taking A Chance." In addition to the more than 200 films he directed, he also wrote a script that was turned into the movie "Skippy," starring Jackie Cooper.

Even before McLeod went to Hollywood, he was making news. While at the University of Washington, the following newspaper story was written about him in 1917:

"Young Mr. Norman McLeod, university student, wanted to smash German periscopes for Uncle Sam. But he had legs like a flamingo and weighed six pounds under standard, despite his height — six feet. They called him 'Lank' on the campus. He has, however, demonstrated that red tape entanglements like barbed wire, must fall

From Our Corner...

Time is running out, and there wasn't too many things going on in the past week for us to extoll on so, this will be another week of just stuff and things...

First and foremost...we wish to acknowledge a couple of our proofreaders that perform their duties after-the-fact...

We had a gremlin in our midst that caused untold humiliation for the ol' fella in last week's efforts...

After taking untold energy to come up with some sort of a column on our experience in salmon fishing from Muskegon, we re-read our efforts about three times, the column was proofread a couple of times, and the gremlin stayed put...

Sunday evening, we thought we had put out a column that maybe a couple of our readers would get a few chuckles out of, and went home feeling one more week out of the way for the turkey...

We forgot about our column...that is until Wednesday noon at the hotel and having lunch, we were pounced on by two of our friends who are questionable...

George, who resides at Eagle Point on Lake Margrethe, and Irvin, who used to reside in the caboose of any train, going anywhere...both asked, in unison, don't you know the difference between a tail of a dog, and a tale of a story?...

They caught the ol' fella flat footed...I really didn't know what they were talking about until I came back to the office so I could check out what they were talking about...

The gremlins did their job last week on the ol' fella...and our only thought is, maybe I will live long enough to become infallible like most of our friends???

Really folks, the rest of the column was true facts on the exploits of a non-fisherman going fishing...and becoming green behind the gills...

Are you a lotto nut? We wish to pass on this bit of sage advice that was brought to our attention a couple of weeks ago by a person who wished to be anonymous...it seems that a group of Graylingites decided they were going to be the big winners in that Saturday's drawing that had reached about 7 million...

The group went together and bought \$750 dollars worth of lotto...they received 150 instant tickets on the purchase of which they won \$28...they had three 3-digit tickets in the whole lot of Lotto's...

Do you remember the song a long time ago that went something like this...“Oh where does my money go, just to buy my babies shoes”, now it is “Where does my money go, oh just to get the Lucky Lotto”...

The moral of the story still holds true...for the millions of wishful thinking, there are but a few who become rich by luck...so for the most, be sure the baby has their shoes...

I'll let you all in on a little secret...seems like everywhere we go, someone is asking what we are going to do when we retire? The secret is, I don't know myself, I've never been retired...

We have been asked about the turkey...will it fly again? That again I do not know...possibly after a bit, and I have my den cleaned out, I'll try and throw something together, and submit it for consideration of the Editor...

Last week we were asked about our last column...were we really going to tear people apart?...that is not my nature...we have had a beautiful relationship in our 40 years with the people of our little hamlet...I'm sure our last column in From Our Corner will have many mixed emotions...I still have four to go before thinking about the last one...

With that...we wish pleasant dreams to T.J., Stefany and Amber, and to all of our readers, do have a nice weekend...the frost is on the pumpkin already...

The Bible Speaks

From Calvary Baptist Church

Bible Creation Supported by Scientific Laws

Did the universe come into existence by evolution or creation? Do we owe our being to God or chance? For a Christian the first verse in the Bible says it all, "In the beginning God created the heaven and the earth." (Genesis 1:1). God, the Bible, and creation have been legislated out of public schools in America by judicial review. Creation is declared by secular humanist as purely religious teaching unfit for scientific education. Creation is being rejected because it implies a God as creator and a Bible as truth. Little is said about evolution implying atheism and error in the Bible, while promoting secular humanism. Creation and evolution stand in stark contrast and conflict with each other.

Since origins cannot be proven scientifically because the process cannot be reproduced, any view of the subject must stand by faith. One must either interpret the historical facts through faith in the eternal God of the Bible, or the "eternal matter" of the evolutionist. The objective test of either system is the coherent explanation of all the evidence at hand. Which system can best explain intelligent life, order, purpose, and interdependence? Which system can best explain the origin of laws of the universe like gravitation or magnetism. All scientific methodology must accept the consistency of such laws by faith to carry out scientific experiments. Why are the laws of nature consistent?

The laws of thermodynamics cannot be explained by evolution. They cannot explain the first law of thermodynamics which deals with energy conservation. They do not know why any

real chemical process which transfers one form of energy into another neither creates or destroys energy. The level of energy in the universe remains constant under the first law of thermodynamics. The Bible answers this principle of energy conservation by telling us that all matter is held together by the word of God's power. (Hebrews 1:3a; Psalm 33:9; and Col. 1:17). The mysterious atomic adhesive which evades evolutionists is God's Word.

The second law of thermodynamics reminds us of the principle of entropy, in which energy becomes less and less available as it is converted into other energy forms. Wood burned turns into ashes, heat and vapor, while the energy level remains constant. This law also reminds us that the universe is degenerating or running down. This is in conflict with evolution which teaches that things have been steadily improving over the centuries. The Bible foretold that the planets "shall wax old like a garment." (Isa 51:6 & Psalm 102:26).

Memorial Services For Philip Arthur Dunn

Philip Arthur Dunn, 69, of Grayling, died Wednesday, September 17, 1986, in Munson Medical Center. Cremation has taken place, with arrangements made by Hibbard Funeral Chapel of Traverse City. A Memorial service was held Saturday, September 20, 1986, at the Kingdom Hall of Jehovah's Witnesses, Kalkaska Road, Grayling.

Mr. Dunn was born July 3, 1917, in Fidelity, Pennsylvania. He married Mary Magdelene Monk on August 26, 1955, in Detroit. Mr. Dunn was a former resident of the Detroit area moving to Grayling in 1971; they returned to Detroit for a short time. He has been a permanent resident of Grayling since 1980. He retired in 1969 from Chrysler Corporation after working in many positions in their company. He served in the U.S. Army and was a Veteran of WWII.

Mr. Dunn was an ordained minister of the Jehovah's Witnesses, and a member of the Kingdom Hall of Jehovah's Witnesses of Grayling.

He was preceded in death by his parents and 7 brothers and sisters.

Survivors include his wife, Mary Magdelene Dunn of Grayling; two sons, Jack Patrick Dunn of Frederic, and Herbert M. Underwood of Warren; three sisters, Vera Ellen Gross of Garden Grove, California, Arline Roach of Garden Grove, Ca., and Florence Aurand of Lewiston, Pa.; and four grandchildren and one great grandchild.

Services Held For Gladys R. Hannah, 76

Gladys R. Hannah, 76, of Mt. Pleasant died Thursday, September 18, 1986, at Isabella County Medical Care Facility in Mt. Pleasant. Funeral services were held Saturday, September 20, 1986, at St. Mary's Catholic Church, Grayling, with the Reverend James Mausolf and Deacon Bob Nolan officiating. A rosary was recited Friday evening at Sorenson Funeral Home. Burial was in Elmwood Cemetery, Grayling.

Pallbearers were Knights of Columbus members Sam Patti, Ernie Balch, Leo Pedrotte, John Durst, George Matyn, and Henry Forster.

Mrs. Hannah was born in Sydney, Nova Scotia, Canada on August 31, 1910, the daughter of John D. and Catherine (McNally) Coffin. She had lived in Grayling for 14 years before going to Mt. Pleasant to live 3 years ago. She was a registered nurse and had been employed at Mercy Hospital in Grayling.

Mrs. Hannah was preceded in death by her husband, William, in 1975.

Survivors include her sister, Kathleen Ford of Mt. Pleasant; and 3 brothers, Charles, Vincent, and David Coffin, all of Sydney, Nova Scotia, Canada.

World's Oldest Bird

Brilliantly colored winged creatures the size of crows, with teeth in their beaks and long, bony tails, might have adorned the skies over this area 225 million years ago.

Evidence of their existence has been uncovered recently in the form of fossil bones excavated from a mudstone quarry near Post, a town in western Texas.

Second Firearm and/or Archery Deer License Available For 1986 Season

Lansing - A new law (P.A. 63 of 1986), passed by the Michigan Legislature and signed by Governor James J. Blanchard in March, 1986, permits deer hunters to purchase a second firearm deer and/or second archery deer license for the 1986 season.

Only deer with antlers extending not less than three inches above the skull may be taken with this second deer license.

The second archery deer license will be valid ONLY in the Lower Peninsula during the regular archery deer season, October 1 - November 14 and December 1 - January 1, and can be purchased before or during the archery deer season.

The second firearm deer license will be valid state-wide during the regular firearm deer season (November 15-30) and during the muzzleloader deer season (December 5-14), but cannot be purchased until AFTER the September 24 application deadline for Hunter's Choice (any sex deer) licenses.

Cost for the second deer license will be the same as the first deer license, except for senior hunters, who will pay \$4 for their first deer license and \$9.75 for the second deer license. Resident firearm/archery deer licenses run \$9.75 for the second deer license; junior archery, \$5; nonresident archery, \$75.25; and nonresident firearm, \$100.25.

Revenue from the sale of these second deer licenses is earmarked for the State's Game and Fish Fund, which provides primarily for Department of Natural Resources fish, wildlife, and law enforcement programs.

Hunting license dealers, DNR Regional, District, and Field Offices and DNR Information Services Center in Lansing/517-373-1220, will sell the second deer license.

The second deer license is exactly the same, in physical appearance, as a hunter's first deer license.

First and second firearm deer license holders must possess a valid kill tag in their own name during the firearm deer season when affixed with a centerfire rifle, shotgun with buckshot, slug, ball or cut load, muzzle-loading rifle, or bow and

arrow.

DNR wildlife managers expect to see an increase in the amount of deer hunting recreation, primarily in southern Lower Michigan and during the muzzleloading season with the sale of this second deer license.

Who stopped Cropsey? Cropsey did.

by Richard Milliman

PICKING ON THE PRESS is fair game for the public at large and for politicians in particular. Normally it doesn't bother the press, although it does permit the complainer to feel better about the whole thing.

The press gets plenty of criticism; that is deserved; hopefully practitioners within the media learn from the criticism and correct failings when they are pointed out.

Frequently, too, the press is made the scapegoat for failings of others. A case in point is the recent decision by conservative State Sen. Alan Cropsey to turn down the chance to run for state attorney general on the Republican ticket.

DELEGATES TO THE AUGUST state Republican nominating convention arrived in Detroit to learn that Bill Lucas, their candidate for governor, had decided that Sen. Cropsey would be his choice for ticketmate as attorney general. The decision apparently had been made in late-breaking high-level political strategy sessions, and was first announced in a news story in the Detroit Free Press, and appeared as many of the delegates were on their way to the convention.

However, shortly before Mr. Lucas was to announce the anointing of Mr. Cropsey for the GOP ticket, Mr. Cropsey said he was withdrawing from consideration.

The newspapers made him do it, Sen. Cropsey explained — specifically the Free Press in its original story.

"After reading this morning's Free Press, I do not feel I should be attorney general and I am withdrawing my name," explained the quickie candidate, leaving the clear inference that the newspaper had somehow crucified him.

NONSENSE. The Free Press story did not stop Sen. Cropsey. What killed Sen. Cropsey's candidacy was Sen. Cropsey's record.

Decide for yourself. Here are the key sections of the Free Press story revealing Lucas' choice of Mr. Cropsey:

"GOP gubernatorial nominee William Lucas today is expected to name outspoken Christian fundamentalist lawmaker Alan Cropsey as his choice to run for attorney general."

"Cropsey, of De Witt, a two-term state representative who was elected to the state senate in 1982, is one of the most conservative members of the Legislature."

"He has been known to quote the Bible in state senate meetings and last year said that it should be a civil, rather than a criminal, offense to 'exterminate' a federal judge."

"That remark, for which Cropsey later apologized, was aimed at U.S. District Judge Stewart Newblatt, after Newblatt ruled that an antipornography law written by Cropsey was unconstitutional."

"A graduate of Bob Jones University in South Carolina — which gained notoriety several years ago because it forbids interracial dating — Cropsey advocates school prayer and has proposed that schools require the biblical account of creation be taught along with the theory of evolution."

Governor To Ask For More Life Sentences Without Parole

Warren M. Hoyt, Exec. Dir. MPA

Governor James Blanchard has said he will ask the Legislature to extend life sentences without the possibility of parole to certain crimes that "shock the public conscience."

Under existing Michigan law, those full life sentences are applied only to persons convicted of first degree murder, large sales of dangerous drugs and injury by explosives.

"When an adult inflicts a cruel and disabling injury intentionally upon an innocent person, the conscience of the community is shocked," Blanchard said.

"We feel, instinctively, that our justice system must keep that criminal locked away to protect the rest of the community," he added.

Under the governor's plan, juries would have the option to request a full life sentence for individuals convicted of certain heinous crimes, including child torture, forcible sexual assault with serious injury, placing an explosive with intent to injure or kill resulting in death, kidnapping with intent to extort money or a political objective, and killing a police officer or correctional officers acting in the line of duty.

Currently, persons sentenced to life for other felonies become eligible for parole after 10 years.

Meanwhile, Senate Corrections Committee Chairman Jack Welborn (R-Kalamazoo) expressed concern that the governor is delaying substantive action by presenting yet another repetitive report.

"He is anti-abortion, pro-death penalty, and has made pornography and criminal sentencing his top legislative interests."

"Cropsey, whose father, Harmon Cropsey, also is in the state senate, is married to a former Baptist missionary."

AND THAT'S THE NEWS item which drove Mr. Cropsey out of the attorney general's race, even before he got into it.

Is it really that offensive to him? Mr. Cropsey seemed to think so.

"I expected myself to be controversial, but I expected it to be on the issues," he is quoted as saying. "It did not say anything about what the judiciary committee has done about fighting crime. I think that is the key issue the attorney general is going to have to focus on."

Sen. Cropsey heads the Senate Judiciary Committee, and apparently counted on that as his primary qualification to become attorney general. Although he is a graduate of Cooley Law School in Lansing, he does not practice law. He is 34.

SCOTT BOSLEY, Free Press managing editor, seemed a bit mystified by Mr. Cropsey's rationale.

"My reading is that the story contained no more than routine biographical information," Bosley said.

I agree with Mr. Bosley. If the Free Press had wanted to do a political assassination of Sen. Cropsey, their writers and researchers certainly would have gone a lot further than the simple story which appeared.

WHAT STOPPED Sen. Cropsey's quest was a combination of things, all related to the senator and his record to date.

One was the political opposition of a large number of delegates to the nominating convention, who saw Sen. Cropsey as way too conservative and way too committed to the Christian fundamentalist movement. Former Gov. Milliken, for one, although not a delegate, voiced considerable reservation about Mr. Cropsey appearing on the state GOP ticket.

Another factor was Sen. Cropsey's lack of legal experience, especially courtroom experience.

A third was the fact that he had been a candidate earlier in August in the race for two nominations for state appeals court judge in his district — and had run far out of the money in a large field and in an election where his name recognition should have been helpful. He was literally a defeated politician — and a very recently and very badly defeated politician.

IN ADDITION, there was some indication that Mr. Lucas was having second thoughts about his selection of Mr. Cropsey as a ticketmate. Politicians have been known to change their minds, and Mr. Lucas may have done just that.

All of these factors entered into the Cropsey picture at the time he withdrew from the race.

No, the press didn't stop Mr. Cropsey. In effect, he stopped himself. But he had to blame somebody or something for what happened, and the Free Press was handy at the time.

McLain Family Band at Kirtland October 4th

The second event of the 1986-87 Performing Artist Series at Kirtland Community College will be The McLain Family Band on Saturday, October 4, 1986, at 8 p.m., in the Gilbert I. Stewart Auditorium.

In their 19-year career, the McLain Family Band has become internationally known as one of the most spontaneous, creative, and spirited groups performing original and traditional bluegrass music. Coming from Eastern Kentucky's Appalachian Mountains, their busy performance schedule has taken them to 62 foreign countries as musical ambassadors of the U.S. State Department and to 49 of the 50 states. They have appeared 6 times at the Kennedy Center, 20 times at the Grand Ole Opry, and twice at Carnegie Hall.

Great favorites on symphony orchestra "pops" concerts, the McLain Family Band has been featured in over 180 appearances with orchestras, including those of Cleveland, Pittsburgh, Atlanta, Cincinnati, Indianapolis, St. Louis, Louisville, Oakland, Baltimore, as well as the National Symphony, the Houston Pops, and the Calgary Philharmonic. They have performed at festivals, fairs, and jamborees, and at colleges and universities throughout the country. The band has highlighted the Spoleto Festival in Charleston, South Carolina and in 1982 appeared at the World's

Fair in Knoxville, Tennessee.

On television, viewers have seen the group three times on NBC's "Today" show, on CBS Morning News, as guests on the Pearl Bailey PBS Special, "Pearl and Friends at Centre Stage," on BBC, and other guests appearances.

The McLain Family Band combines the vocal and instrumental talents of father Raymond K. McLain (guitar), Raymond W. McLain (fiddle and banjo), Ruth McLain Riopel (mandolin and bass), Al White

Harvest Dinner at Michelson Church, Tuesday, Sept. 30, 5:00 to 7:00 p.m. Did you know Weaver's Gifts carry the largest selection of Minnetonka Moccasins in the north. We have over forty styles for ladies to choose from. Many with support for standing all day but with the comfort of a moccasin.

Perry D'Amour, who is employed in Phoenix flew home the second week in September to spend a long weekend visiting his parents, Leon and Jackie D'Amour, and also his grandmother, Mrs. Emma Hinckley, who was visiting from New York at the time.

Among those attending the MSU-Notre Dame football game on Saturday were John Cherven, Bob and Fay Bovee of Grayling and Carol Ostling and Kathy Sargent of Roscommon. Carol and the Bovees were both winners of tickets which were given away in the drawing at the Ostling Open held at Burning Oaks the week previously.

Rushton - Ward Exchange Vows

Donna Louise Rushton and Bruce Alan Ward were united in marriage on August 9, 1986, at St. Peter's Cathedral in Marquette, Mi. with Father Louis Cappel officiating a traditional ceremony. The bride was given in marriage by her father.

Music was provided by Sharon Aho and Terry Pionkowski. Musical selections presented were "Sunrise, Sunset" and "Let There Be Peace on Earth."

Flowers for the church were provided by Forsbergs Flowers of Marquette.

The bride is the daughter of John R. and Catherine L. Rushton of Marquette. She graduated from Marquette Senior High School in 1984.

The groom is the son of Ms. Vanna L. Ward of Grayling. He attended Leslie Elementary and Grayling Elementary School, Grayling Middle School, and Grayling High School. Bruce is in the Air Force and is stationed at K1 Sawyer, MI.

The bride wore a floor length gown with a Queen Anne neckline, fitted bodice, bishop sleeves, pearls and crystals basque waistline with a cathedral train. Her veil was accented with pearls and crystals.

Tracy George of New York was Maid of Honor. Bridesmaids were Sharon Rushton and Sharon Lettner, both of Marquette, Sette Ward of Grayling, and Amourelle Weaver of Auburn, N.Y. Amy Derovin of Marquette was the flower girl. The attendants were gownned in pink formals and carried bouquets to match.

Mike Bassett of Roscommon was best man. Groomsmen were Ron Schulz of Wenatchee, Washington, Joey Anas Tacid of Puerto Rico, Leonard Engle of Detroit, and Tony Sorrell of Ohio. John Rushton of Marquette served as ring bearer and Richard Weaver of Auburn, N.Y. served as train bearer.

For her daughter's wedding, Mrs. Rushton wore a full length fushia dress with a lace jacket. Ms. Ward, the

groom's mother wore a mint green two piece dress.

A reception was held at the Elks Club in Marquette. Catering was provided by Wahlstrom's of Marquette, who also made the cake and provided the decorations for the reception. Music was provided by a two piece band, White Lightning, and by Mike Bassett for the reception.

Out of town guests were from Grayling, Leslie, and Lansing, Michigan, Auburn, N.Y., and Green Bay, Wisc.

The couple took a trip to Mackinaw Island and Sault Ste. Marie, Canada. They will reside in K1 Sawyer A.F.B.

Tips for Handling A Medical Emergency

Your son just raked up the last bag of leaves and a very large, brown spider bites him on the hand, resulting in pain and swelling.

The key you just saw lying on the floor (and meant to pick up) has vanished and your toddler is making coughing, choking noises.

After early morning jogging, your father complains of dizziness and a pain in his arm.

What do you do? How and where do you get urgent medical care?

In 1984, more than 78 million Americans turned to local emergency departments for help. Frequently these people had never needed emergency care before and did not know what to expect.

Mercy Hospital, Grayling offers the following information to help the 45,000 residents in its service area in the event of a medical emergency.

How to Prepare

It is too late to take some actions after an emergency occurs. Mercy Hospital, Grayling advises you to know the emergency telephone number in your home-town and directions to Mercy Hospital, Grayling. The Emergency Department at Mercy Hospital is staffed by a physician 24 hours a day. The MercyCare Clinic, for minor emergencies, is open Monday through Friday from 5 p.m. to 11 p.m., and weekends from noon to 11 p.m.

At Mercy Hospital's Emergency Department, there are qualified physicians and nurses specifically trained to take care of your emergency medical needs, 24 hours a day. The Emergency Department is capable of addressing your medical needs immediately when you arrive. And when you arrive, a nurse or other staff person will see you right away to evaluate your medical condition and explain what happens next.

The emergency facility at Mercy Hospital, Grayling is open 24 hours a day, 365 days a year, to treat any emergency that comes through the doors. As a result, the charges will be higher than those in your family physician's office. However, at the MercyCare Clinic, charges are comparable to your physician's office, although the clinic has limited hours.

Mercy Hospital, Grayling will need to prepare an extensive medical record on you, and you should be ready to answer several medical and financial questions. If you have insurance, it will be helpful to have the company name and a policy number handy.

Urgent treatment will never be delayed for paperwork, nor will financial situations ever keep you from receiving emergency care if your life or limbs are threatened!

Accepted Into U.S. Corps of Cadets

John A. Vermeesch, son of James A. and Sandra J. Dost of Roscommon, has been officially accepted into the U.S. Military Academy's Corps of Cadets as a new member of the class of 1990 during the annual acceptance parade.

The parade followed six weeks of rigorous basic cadet training at the West Point, N.Y., academy. Training in military customs and courtesies, drill and physical conditioning, tactical exercises and the firing of weapons introduced the basic cadets to military life with special emphasis on leadership, duty, honor and country.

The academy is a four-year educational institution graduating men and women to serve as career Army officers. In addition to military training, the academy offers athletics and an academic curriculum which includes basic and engineering sciences and the humanities.

La Leche League Meeting Notice

If your family is awaiting the arrival of a new member, the Grayling-Roscommon La Leche League meeting: "Baby Arrives; The Family and the Breastfed Baby," may interest you. Informal discussion will center on how to manage those first hectic weeks, with emphasis on the entire family as well as timely tips for the nursing mother and baby.

The importance of breastfeeding is stressed, not as an end in itself, but as an integral part of the whole human relationship.

The meeting will be held on Thursday, October 2 at 7:30 p.m. at 4587 Skyline Drive, Grayling. Expectant mothers are encouraged to attend the series of meetings before the baby arrives. Any woman interested in breastfeeding is welcome; babies are always welcome. For further information, or for breastfeeding help, call Carolyn Crist at 275-8431.

Waiting Time

Patients in the Emergency Department are seen based on their need for quick medical care. Therefore, patients whose lives or limbs are endangered will always be seen first. When several patients are waiting to be seen, those with the most serious illnesses or injuries will be treated first. Emergency Department staff members at Mercy Hospital, Grayling will always try to tell patients the reasons for waits of more than 20 minutes.

Patients needing X-ray or laboratory work may have to wait for the results of their tests before treatment can begin.

What is an Emergency?

Mercy Hospital, Grayling believes each patient determines whether he or she has a medical emergency. Prompt action in treating a medical problem as an emergency often means the difference between life and death.

Among the medical problems considered an emergency are: Heart attack symptoms, such as chest pains, upper abdominal pain or a feeling of tightness in the chest area; Breathing difficulties or shortness of breath; Dizziness or faintness; Severe or continuous bleeding; Seizure; Major burns; Spinal injuries; High fever; Head injuries; Suicidal or homicidal feelings; Shock; Broken bones; Possible poisonings or overdoses; Severe or persistent vomiting; Allergic reactions or a sudden rash, and sudden change in vision.

Less severe problems needing immediate medical attention are: Minor fractures, Heat exhaustion, or Objects in the eye, ear or nose.

The emergency staff at Mercy Hospital, Grayling is also trained to work with victims of rape and abuse.

Handel Jubilee
To Feature
Local Dancer

Ramona Stancil, a Grayling senior and daughter of the Arnold Stancil's, will perform Sunday, Oct. 5, 1986 in both the afternoon and evening performances of the Handel Jubilee to be held at the Michelson Memorial Methodist Church. She will dance to Handel's "Coronation Anthem No. 1" (from Zadok the Priest).

Miss Stancil has been a student of the Louise Tournaud-Hayes Dance Studio since 1981. She was the recipient of the first "student of the month" award in 1982 for working the hardest in the studio. In recitals for the studio she has portrayed an Indian in "Peter Pan", Sleepy, the dwarf in "Snow White" and one of the step-sisters and a mouse in "Cinderella".

During the past five years she has auditioned for both the New York Ballet Company and the Joffrey Ballet Company. The last two years she has attended classes for modern dance at Michigan State University during the summer. In addition, as one of Louise's Dance Studio troupe she has performed in four Northern Michigan Dance Council Reviews. For three years she has assisted with the younger children's classes at the studio.

Ramona has been involved in three high school plays as prop manager, a member of the stage crew and acting in the role of "Baby Bernice" in the "Great American Musical Disaster".

Resource
Review

by Bruce Patricak
 Conservation Officer

The healthy and abundant populations of white tailed deer, elk, turkeys and many other species we see today didn't just happen. They are the result of scientific wildlife management, habitat improvement and land acquisition paid for by sportsmen.

By the early 1900's, expanding civilization and commercial exploitation had caused a drastic decline in many wildlife species. Recognizing the threat, sportsmen supported laws to protect wildlife. License fees and special excise taxes on their equipment to furnish funds for enforcing those laws, for habitat acquisition and other conservation measures were also supported. Through these license fees and special taxes, America's sportsmen and women contribute well over \$500 million dollars a year.

This money is used for purchase of refuges, wetlands, and other hunting lands as well as equipment and personnel to manage the land and enforce the laws. Thousands of acres of land known as "State Game Areas" located in southern lower Michigan were purchased with hunting license monies. The so called "swamp tax" on state land in northern Michigan is paid largely with money from sportsmen. An average 77% of the money received by state natural resource agencies nationwide is from these fees and taxes. Millions of dollars are also donated to private organizations such as Ducks Unlimited, Trout Unlimited and others for land acquisition and habitat improvement.

The theme of this years National Hunting and Fishing Day (September 27) is "Sportsmen Pay for Conservation". If they didn't, no one would.

Fijolek - Geddie Vows Spoken

A garden wedding and reception were held for Theresa Fijolek and Kenneth Geddie on August 23, 1986, at the groom's parents home. They exchanged vows and read scriptures which was officiated by Pastor Jim Fletcher. The bride was given in marriage by her father.

The music provided was pre-recorded. Musical selections were Peter, Paul, and Mary's "Wedding Song" and the traditional "Wedding March".

The wedding decorations were in mauve and cream colors, used in all the silk garden flowers and paper goods. There were hanging flower baskets where the bride and her attendants left the house to enter the garden. Fan shaped decorations decorated the tables, and miniature fans and ivy were used to decorate the cake table. A white lattice arch and many potted greens were used for the ceremony area. Cream bows and mauve silk roses were used on all the end chairs in the seating area.

The bride is the daughter of Mr. and Mrs. Chester Fijolek of Grayling. For her outfit she wore a square necked, three-quarter length sleeve, street length cream lace dress in the style of the 20's. The neckline and center panel was accented with seed pearls. For her headpiece, she wore a veil which was attached to a Halo of baby's breath and small mauve flowers. The veil was her borrowed item from her sister. Other accessories worn were mid heeled scalloped edged satin slippers, and tiny diamond stud earrings and necklace. For her wedding bouquet, she carried a handmade lace fan with flowers attached. Her touch of blue was a garten, and the bit of old was a delicate white handkerchief sent to her from her grandmother.

The matron of honor was the bride's sister, Mika Norman of South Lyon, Mi. She wore a pale blue garden dress with white lace trim and matching shoes. Her bouquet was a miniature of the bride's, and for a headpiece, she wore a matching color hair comb.

The ring bearer, Tricia Geddie and flower girl, Kim Hite, both nieces of the groom and residences of Columbus, wore matching pastel plaid party dresses and white lace hose with white sandals, and hair combs with flowers to match the brides bouquet. Tricia carried a ring pillow used by the groom when he was in his aunts wedding at the age of 7. Kim carried a basket from the bride's grandfather filled with flower petals to sprinkle along the way.

The groom is the son of Mr. and Mrs. Gerald Geddie of Columbus, Ohio.

Dan Geggie, the groom's brother, of Columbus, Ohio served as best man. Jim Dickinson and Mike Miller, both from Columbus, Ohio, served as ushers.

For her daughters wedding, Mrs. Fijolek wore a floral 20's style two piece dress in garden colors and had a wrist corsage to match the wedding theme. The groom's mother wore a pastel green party dress and wore a wrist corsage of garden flowers.

Assisting the bride with guests, cake and guest book was her best friend, Kathy

Link, also a resident of Columbus. She also wore blue and had a wrist corsage to match the wedding flowers.

Out of town guests included the bride's parents, Mr. and Mrs. Chester Fijolek of Grayling; her grandparents, Mr. and Mrs. Kenneth Gilbert of Avoca, Mich.; her uncle and family, Mr. and Mrs. James Gilbert of Richmond, Mi.; her sister and her husband from South Lyon; and the groom's brother, Mike Geddie of Houston, Texas.

The couple flew to Puerto Vallarta, Mexico for a week. The bride's going away outfit was a pair of casual slacks and top with her corsage of cream roses. The couple will continue to reside in Columbus, Ohio.

TO THE CUSTOMERS OF:
MICHIGAN CONSOLIDATED GAS COMPANY
CONSUMERS POWER COMPANY
THE DETROIT EDISON COMPANY

(Published by Direction of the Michigan Public Service Commission)

NOTICE OF HEARING TO INVESTIGATE, REVIEW AND EVALUATE THE MICHIGAN RESIDENTIAL CONSERVATION SERVICES PROGRAM AND ZERO-INTEREST LOAN PROGRAMS OPERATED BY MICHIGAN GAS AND ELECTRIC UTILITIES

The Michigan Residential Conservation Services Program (MRCS) and the Zero-Interest Loan Programs (ZIP) commenced in June 1981. MRCS is mandated by the National Energy Conservation Policy Act, as amended by the Energy Security Act. Michigan Consolidated Gas Company (MichCon), Consumers Power Company (Consumers), The Detroit Edison Company, and other Michigan gas and electric utilities offer the MRCS Program to their residential customers. The program has been in operation for five years and approximately 700,000 audits have been completed statewide.

ZIP loans are authorized by 1984 PA 378, which extended 1978 PA 211 and are implemented under the Residential Conservation Program Standards (R 460.2401 et seq). MichCon and Consumers currently offer zero-interest loans for conservation measures to eligible residential gas customers through their respective ZIP Programs. Over 63,000 loans have been made under those programs.

The MRCS Programs and ZIP are reviewed by the Michigan Public Service Commission (Commission) through reconciliation hearings held annually or every 18 months. During these hearings, the costs of the programs are reviewed for appropriateness and prudence.

Mindful of its obligation to consider the rights and interest of all ratepayers, the Michigan Public Service Commission issued an Order and Notice of Hearing on September 9, 1985, to investigate, review and evaluate the MRCS Program and ZIP through a generic hearing.

The Commission believes that reviewing the MRCS Program and ZIP in a generic proceeding would be a more efficient and judicious use of resources than considering similar or the same evidence in separate hearings for the various utilities. Parties to the reconciliations are generally the same and would likely be presenting evidence in at least three separate cases. A generic proceeding would allow each party to prepare and present evidence in only one proceeding.

The Commission therefore invites all utilities and interested parties to prepare competent, material and substantial evidence which addresses the costs, benefits, goals and objectives of the MRCS Program and ZIP. Also the Commission believes that this undertaking

should resolve the issues to the extent that they need not be relitigated at each reconciliation proceeding without good cause shown.

Jurisdiction in this matter is pursuant to 1984 PA 378, MCLA 460.6c, 1909 PA 300, as amended, MCLA 462.2 et seq; 1919 PA 419, as amended, MCLA 460.51 et seq; 1939 PA 3, as amended, MCLA 460.1 et seq; 1969 PA 306, as amended, MCLA 24.201 et seq; the Commission's Rules of Practice and Procedure, 1979 Administrative Code, R 460.11 et seq; and the National Energy Conservation Policy Act, as amended, 42 USC 8201 et seq.

NOTICE IS HEREBY GIVEN that:
 A. A public hearing in this matter will be held at 9:00 AM on October 17, 1986 in the offices of the Commission, Mercantile Building, 6545 Mercantile Way, Lansing, Michigan. This hearing will be in the nature of the prehearing conference and will be held for the purpose of considering matters that will expedite this proceeding. Any interested persons may attend the hearing and participate, subject to the provisions of the Commission's Rules of Practice and Procedure.

B. Any person seeking to intervene in accordance with Rule 11 of the Rules of Practice and Procedure Before the Commission shall file with the Commission on or before October 13, 1986, an original and 12 copies of a petition to intervene, together with proof of service upon existing parties.

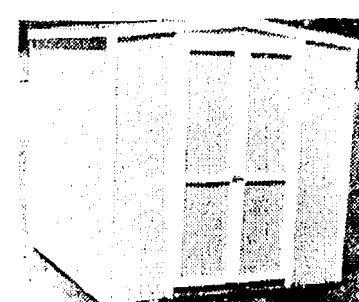

Subparagraph (2) of said Rule 11 provides as follows:

"(2) A petition to intervene shall set out clearly and concisely the facts supporting the petitioner's alleged right or interest, the grounds of the proposed intervention, and the position of the petitioner in the proceeding, so as fully and completely to advise the parties and the commission of the specific issues of fact or law to be raised or controverted."

The Commission will require strict compliance with the above-quoted rule.

**Small Business
Financing Is Topic
At KCC Seminar**

Financing a small business will be the topic of an October seminar being held in this area for small business persons and those interested in starting their own business.

The accounting firm of Deloitte, Haskins, and Sells will present a detailed look at how financing a small business can be the most important single thing that today's entrepreneur must deal with. Emphasis will be on accounting systems, understanding cash flow and creating a management tool from accounting figures. Discussion will also pertain to the McBee "One-Write System" for small business...a system that allows even the smallest business the ability to create monthly financial statements with a minimum of effort.

The following dates and times have been scheduled throughout the area, to provide flexibility in attendance for participants:

October 14th in East Tawas at the Holiday Inn, October 15th in West Branch at Forwards Motor Inn, and October 21st in Houghton Lake at the Holiday Inn.

Seminars will begin at 9 a.m. sharp and conclude at 4 p.m. A registration fee of \$20 will be charged, which will include breaks, lunch and seminar materials. A certificate of completion will be awarded to participants.

The seminar is being co-sponsored by Kirtland Community College, Mid-Michigan Community College, the Kellogg Triad, Region 7B Small Business Center and Ferguson and Associates of Saginaw.

For further information on this program in the series, contact Dale Marie Losee, at Kirtland Community College at 517/275-5121, Ext. 228.

RSVP ... Profile

Now that his civilian and military service to the state of Michigan has wound down, Ernest Larson has found another outlet to keep him young at heart and spirit. He has switched his allegiance to the RSVP (more formally known as the Retired Senior Volunteer Program).

For his many years of dedicated service Larson will represent Crawford County at the upcoming Governor's RSVP 15th Anniversary Tea in Lansing September 24.

Larson's service to the public began many years ago when he served the state of Michigan in a civilian capacity at Camp Grayling where he was in charge of the store for the National Guard. Larson took a liking to the military way of life and he signed up with the Michigan State Troop. He served four years, finishing as a Major.

Larson is a life-long resident of Grayling having been born in the area some 78 years ago. He graduated from Grayling High School in 1926. His class will be observing their 60th this year.

Currently his strong forte in the RSVP Program is delivering "Meals on Wheels" regularly. He is also available for any contingency duties as needed.

Larson is also deeply involved with his church, Michelson Memorial Methodist, where he was Sunday School Superintendent for over 15 years. He has served on the Board of Trustees and has been on the Administrative Board. He is currently serving on the Pastor's Parish Commission. Along the way he found time to contribute to the local PTA.

Ernest and his wife Elsie recently observed their 53rd wedding anniversary. They raised three children, Ronald, Judith, and Gerald. They are mighty proud of their eight grandchildren and five great grandchildren.

Elsie, his wife, has been a great asset these 53 years as the two of them have teamed up exceptionally well in civic and church activities. Elsie is used to dealing with the

Ernest Larson

public as she worked at Mercy Hospital as a Registered Nurse for many years. Now retired, she keeps her hand in serving the medical needs of the community when called upon. She has substituted on satellite duty at Frederic for the RSVP. She is a member of the Eastern Star, and the Mary-Martha Circle at their home church. She has also done her civic duty by serving Jury Duty.

In addition to Larson's varied activities, he has been a factor in the local Masonic Lodge where he is a life member. He served the lodge in two stints as Master (being the youngest at the time of his service).

For a senior in the eighth decade of his life, he shows little of the effects of his continuing contributions to the community. He still has a carryover of his military bearing, with nary a bulge around the midriff, giving him the appearance of one capable of still participating in some strong physical activity such as basketball or whatever in the line of sports, so youthful is his countenance.

His congeniality is expressed in the ready manner he responds creating light-hearted moods with whoever he deals with.

**AA Group
To Study
"12 Steps"**

The Tuesday night A.A. group, which meets regularly at St. Andrew's Episcopal Church, East Main Street, Gaylord, will begin their study of the basic "12 Steps" on September 23rd, at 8:00 p.m.

The 12 steps of "How it Works" represent the principles of A.A. life. Each week will be devoted to an individual step or part of a step. Group members will review the background and meaning of a step from the book, 12 and 12. Discussions by the individual will then bring out how they work the specific step and how the step has affected their lives. These interpretations, within the Fellowship, are aimed at broadening an understanding of these principles.

The Tuesday night study group participants typically find their way, on a regular basis, from Petoskey, Gaylord, Roscommon, Grayling and Alpena.

Doodles From The Tall Timber

by Wendell L. Hoover,
Park Interpreter

I suspect there is presently a lot of speculation around and about the area concerning what kind of winter we can expect. Some people use the woolly caterpillar to forecast the coming winter, others go by the absence or abundance of various wild fruits, and still others take what comes.

Back around 1900 there was the goosebone method that some people swore by. At Thanksgiving time grandma would cook a freshly killed goose. When the goose was carved into pieces for serving care was taken not to damage the breastbone. After all the meat and fat was removed the breastbone was put on a shelf to dry out. During this drying period the whole family kept an eye out for any changes in coloration.

If the bone turned blue, purple or black it was sure to be a cold winter. If the bone was a dark color all over, look out for a bad winter. On the other hand if the bone remained light colored the winter would be mild. Purple tips on the bone was a sign of a cold spring. If a blue color branched in lines out toward the edges of the bone it was supposed to be mild or open weather until January first.

What was all this based upon? The reason the bone turned dark was because the goose had absorbed more oil which was a protection against the cold. The darker the bone became the more oil it had absorbed which indicated a tough winter.

Mercy Hospital Day Care Center Opens October 6

In an effort to meet the ever-increasing needs of working parents to find quality day care for their children, the Mercy Hospital Day Care Center is opening its doors October 6 for children of hospital employees as well as the public.

Licensed by the Department of Social Services for up to 30 children, the Day Care Center is now accepting registrations for children ages 2½ and older. Center Director Julie Shaw urges you to call her today to register at 348-5461, extension 140, as space is limited. A public open house will be held Sunday, September 28 from noon to 4 p.m., and everyone is encouraged to visit the new facility.

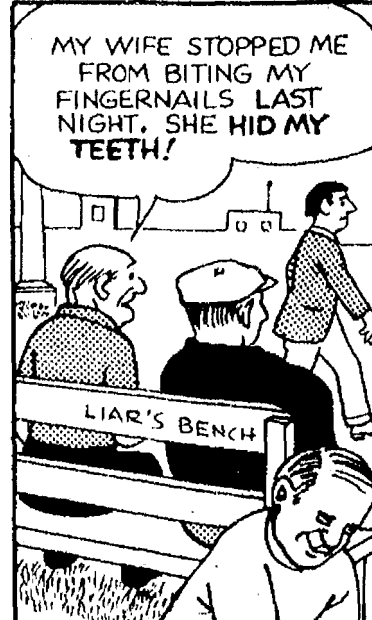

Mercy Hospital's Day Care Center is located adjacent to the hospital in the former Riverside Room. It will be open Monday through Friday from 6:30 a.m. to 5 p.m. The newly-remodeled facility features a variety of exciting toys, games and other tools to be used in the day care program.

"The philosophy of the Day Care Center is to provide high quality, dependable and developmentally-oriented care for children," said Mrs. Shaw. "Each child will be encouraged to be independent and to participate freely in activities that will enrich individual and social development."

Staff members are specially trained in child development and/or education to provide quality enriched programs for each child, Mrs. Shaw said. Alva Persing, a former teacher at St. Mary's School, has been hired as a day care aide, along with Robin Martinez, day care assistant.

For more information about the Mercy Hospital Day Care Center, call Mrs. Shaw today at 348-5461, extension 140.

Golnick - Timmerman Speak Vows

Cheryl Lynn Golnick and Mark Timmerman were united in marriage Saturday, June 21, 1986, at the Mt. Hope Lutheran Church. The three o'clock candlelight service was performed by Rev. James Haenftling with music provided by organist Claudia Albright. About 150 guests attended the wedding.

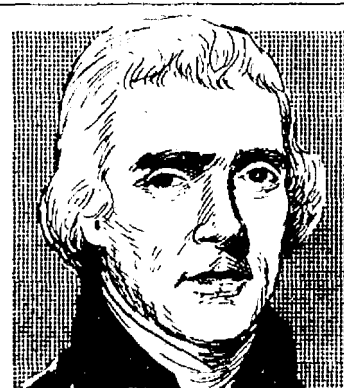

Miss Golnick is the daughter of Caroline Golnick of Lansing, Michigan, and William (Fritz) Golnick of Grayling.

Mr. Timmerman is the son of John and Marion Timmerman of Dundee, Illinois.

The bride was given in marriage by her father, and she was attended by her girlfriend, Debbie Brucato, her maid of honor, and five bridesmaids, LuAnn Shively, Diane Bair, Fran Ney, Kate Gardener, and Karen Johns.

A friend of the groom, Mike Fintel, was best man, and Mike Timmerman, Justen Timmerman, Charles Golnick, and Rick Johns served as groomsmen and ushers.

A six o'clock dinner reception was held at Patti's American Viewpoints.

Petoskey Outlasts Grayling 19-12

Grayling missed its first win of the season Friday in Petoskey by a couple of fourth down plays losing 19-12 in overtime.

The Vikings jumped to a 6-0 lead in the first quarter after Steve Lehti recovered a fumble on the Petoskey 20. Grayling moved the ball to the one-yard where they had a fumble on a hand-off. The Viking center, Jayson Welser, recovered the fumble in the end zone to give Grayling six points.

On the extra-kick attempt, a snap from center went high and Grayling tried to throw

into the end zone but was stopped.

In the second quarter, a halfback pass from Jeff Palmer to Wayne Casler went for 40 yards to the Petoskey 15. Todd Klinger threw 9 yards to Jason McEvers to reach the four yard line. Jeff Wolcott finally plunged over from the one for the touchdown.

Grayling's extra-points pass attempt went incomplete.

The Vikings led 12-0 into the third quarter when a snap on a punt was fumbled and Petoskey recovered on

the Grayling 35. On a fourth and four, Grayling appeared to have a runner stopped when he bounced outside and went 30 yards for a score. The defensive middle of the line for Grayling blocked the extra point.

In the fourth quarter, with only four minutes to go, Petoskey again broke a long gain on a fourth and long down. The long run moved the ball to the four yard line and Petoskey scored to tie the game 12-12. Again the Vikings blocked the extra-point kick.

In the overtime Petoskey

scored on the first play and kicked for a 19-12 lead.

Grayling ran on the first down and gained four yards. On the second play, the quarterback was in the shotgun formation and the ball was snapped over his head. Grayling lost about ten yards. On the third play, the Viking quarterback was sacked and fumbled to end the game.

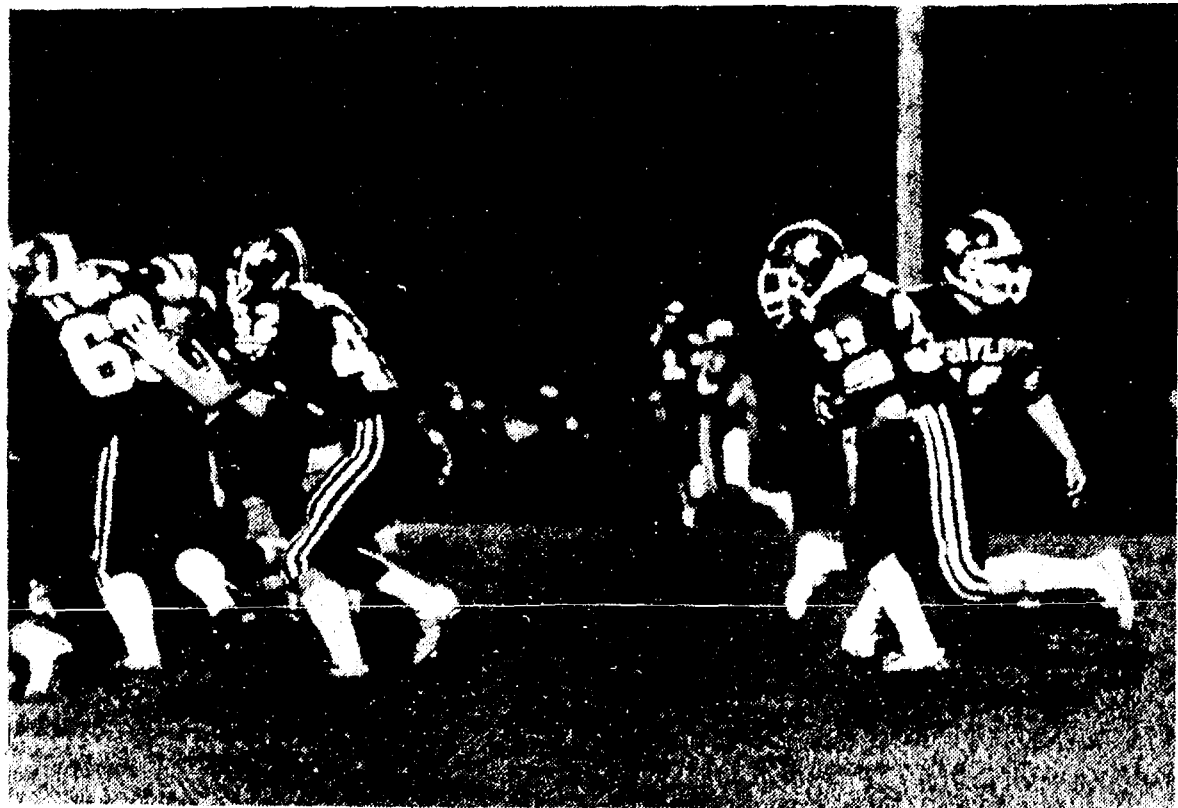

Jim Laurent, Tom Shively, and Wolcott led Grayling with 8 tackles each. Flaskie Robins and Scott VanDeVen had 7 each. Lehti and McEvers also had good defensive games, head coach Bill Klinger said.

Robins, Palmer, Klinger, and Wolcott each had an interception and Bubba Nielsen recovered a fumble.

Wolcott gained 61 yards to lead Grayling. Kevin Kamp had 13, Palmer 9, and Shively 2. McEvers caught three passes for 36 yards and Casler one for 40 yards.

Grayling rushed for 78 yards and threw for 76 for a total of 154 yards. Petoskey gained 184 yards total, 153 rushing and 31 passing. The Vikings had 20 first downs to 17 for Petoskey.

Grayling plays Rogers City at home Friday.

LOOKING FOR ROOM — Viking running back Jeff Wolcott takes the hand-off from Todd Klinger and looks for room to run behind Tom Shively and Joe LaGrow. Wolcott scored the 2nd touchdown Friday night for Grayling.

J.V.'s Lose 14-8 In Last Minutes

In a close battle, Petoskey outlasted Grayling and won 14-8 in the last four minutes. It was the first defeat of the season for Grayling, 2-1.

Petoskey scored first, using a penalty to keep a drive going. On a fourth and 11, Grayling stopped Petoskey but was called for roughing the passer. That moved the ball from the 20-yard line to the five-yard line. Petoskey ran the ball in for six points but Grayling stopped the run attempt for extra points.

The game stayed close as each team punted three times. At the end of the third quarter Grayling started an 80-yard drive that went seven minutes into the fourth quarter.

Rusty Argue scored on a four-yard dash and he added

the extra points running wide.

Grayling's 8-6 lead with five minutes left didn't last long. Petoskey pulled a little reverse on the kick-off to move the ball to Grayling's 45-yard line. From there, Petoskey's fullback and quarterback kept picking up large chunks of ground. Petoskey scored on a fullback dive off tackle to take a 14-8 lead with four minutes to go.

Grayling couldn't move on their next possession.

One of the reasons Petoskey may have swung the game in their favor is depth. Grayling used nine players both ways on offense and defense.

The junior Vikings face Rogers City away this Thursday.

VARSITY CHEERLEADERS — The 1986 varsity football cheerleaders are (back, from left) Andrea Bedard, Debbie Barr, cheerleader coach Joanne Ferguson, Shelly Brooks, front, Patty Walsh, Lezlie Holden, and Erin Hickey.

J.V. CHEERLEADERS — Leading the cheers for the junior varsity football team in 1986 will be (from left) Lynnette Whitchee, Sheryl Klinger, Amy Denton, and Cheryl Barber. Joanne Ferguson is the cheerleader coach.

SPORTS FANS!

I Bet You Didn't Know

Brought To You By Cliff Wheeler Sales Representative

Did you know there was once a major football game in which the score... and even the winner... were changed 48 hours after the game was over... It happened in 1940... Cornell beat Dartmouth 7-3. But on the Monday after that Saturday game, officials of both schools looked at movies of the game and realized Cornell had scored its touchdown on an illegal down... Even though Cornell had an unbeaten season going, they said they'd give up the touchdown, and thereby give up the victory... The result was declared reversed and it was officially changed in the record books from Cornell 7, Dartmouth 3 to Dartmouth 3, Cornell 0.

Here's quite an oddity... The man considered by many to be the greatest football player of all-time, Jim Thorpe, never played football and never even saw a football game until he was 17 years old!

Here's an amazing football record... Quarterback Bart Starr once threw an incredible total of 294 passes in a row in National Football League games without having any intercepted... That stands as the all-time NFL record for most consecutive passes without any interceptions - and no one else has ever come close to that record.

I bet you didn't know... We have the largest selection of used cars in the history of Scheer Motors. These are all hand-picked late model cars. Come on in used car buyers, all these nice trades have to go.

Students Plan Stratford Trip

The Grayling High School Advanced Studies Program's fourth annual Stratford Festival Trip is in the works. The group travels to Stratford, Ontario, on Friday, October 3, to see William Shakespeare's "Cymbeline". High School and Middle School students and their parents are invited to sign up for this popular trip, although there is very limited seating left.

For information, call Advanced Studies instructor Nancy Lemmen at GHS (348-7641) between 8:30 and 3:30.

Engaged

John Seefert of Grayling and Kathie Evens of Grayling are engaged to be married. No wedding date has been set at this time.

Gretchen Dice, Grayling 6th grader will be performing in the Handel Jubilee Oct. 5. The chosen violin solo is the "Chorus" from Judas Maccabeus. Gretchen started studying piano from Jan Olson of Gaylord at the age of 4 and was reading music before reading words. Ms. Dice has studied violin for 2 years under Judy Magsig of Gaylord and will begin oboe study this fall with well-known oboist, Nancy Brammer of Traverse City. Gretchen performed a violin solo in the BACH, ALIVE in '85 concert last fall; has played piano preludes for church; and played a piano prelude, Lara's Theme, on August 2 at the wedding of her sister, Sue Somerville to Warren "Butch" Hayes. Dice is also a member of the Methodist Church Youth Choir and a performer in the arts of jazz and ballet. Says Gretchen, "I thank the Lord for my musical talent."

Guests of Mrs. Evelyn Lozon on Tuesday of last week were her cousins, Mr. and Mrs. John Jordan, of McIvor. Over the weekend her daughter and husband, Gwen and Howard Hasel-huhn of Sterling Heights came to visit.

before wartime ingenuity.

He went to the recruiting officer at the naval militia and asked for a blank. "How much do you weigh?" asked the Jackie on guard. "About 121," said Lank. "Well, we don't take them under 128, unless" "Unless what?" asked Lank. "Sometimes if a man is only a pound or so short, and looks likely, we slip him by." "I'll be back," says Lank.

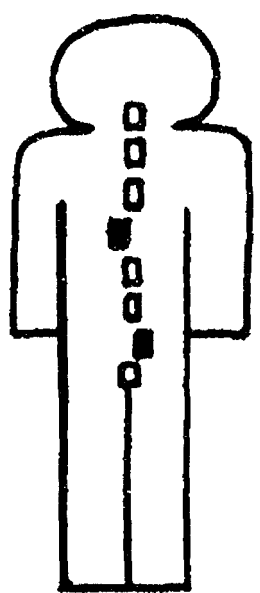

He went to a restaurant and bought a loaded salt seller, and emptied the contents down his esophagus. "Gimme water," he gulped. Lank drank like a camel, absorbing three pints of aqua. Two hours later he was one of Commander Miller Freeman's boys at naval militia training station.

But after a week or so "Lank" got to thinking. It would be a fine thing to join the aviation corps. The fliers over in France, he understood, were having lots of fun. There would be no long waits for recognition. Just plunk down a few enemy planes, inflate the chest and pin on the medals. Red tape prevented him leaving the naval militia. So

"Lank" wandered over by the hospital. Two members of the sanitary corps were arguing. "Yer topmast's wobbly, mate," one was saying to the other. "No gob can make the service who don't weigh 128." "Gob" is sailor talk for seaman. "I only weigh 121," ventured Lank carelessly. An argument, and an examination and a dismissal followed.

"Lank" was excused from the naval militia, smashed right through the red tape.

Information about the famous Hollywood director Norman McLeod reached the Avalanche through Terry Wright, of the Grayling Chamber of Commerce. Wright received a letter from Duncan McLeod, of Quebec, Canada, that included press clippings about Norman McLeod. Duncan, a first cousin of Norman's father, stopped at the county museum in April on his way through Grayling and asked if anyone knew about Norman. No one on duty did and Duncan later sent the information about Norman to the museum.

GHS Alumni Honor Pair of Teachers

This is a special week for us. We prepare for our Annual Alumni Dinner...the evening we award our appreciation recognition to someone who has given our community and our Schools a dedicated career. Our Board had a hard time this year. Our final decision was to Honor two G.H.S. Alumnae.

Fay Christenson was born in Grayling, went through her entire schooling at G.H.S., starting in 1930. Her first and second grade teacher was Margaret Fyvie. After graduation in 1942, she attended CMU at Mt. Pleasant where she met and married Bob Bovee while she was in her Senior year. She earned a Bachelor degree and had her first teaching assignment at Union Lake, 1946-1948.

The Bovee's came to Grayling in 1949. In 1950-1951, Fay substituted in the South Side School for Marie LaMotte Akers. The next years she was busy with her daughters, Billie and Dena. In 1959, she began her career at G.H.S. as Elementary teacher of 4th and 5th grades. With a lot of extra effort, she earned her Master's degree from CMU in 1963. All her years were dedicated to 3rd, 4th, 5th grade students. Her daughters graduated from G.H.S. Billie Smith, Class of '67 and Dena, Class of 1970.

A bit of trivia...Fay's first 4th graders on the South Side graduated in the Class of '59. She remembers a little red-headed girl named Diana and a happy little fellow named Pat.

Mary Jane Joseph was born here in Grayling, went through her entire schooling at G.H.S., graduating in 1940. She continued her education at Michigan State,

1940-1944 and earned a degree in Institutional Administration (in Dietetics). She married Leonard Knibbs, Class of '37, in 1946. They spent two years in the Philippines where their first child was born. They returned to Grayling in 1948. During the Korean Conflict, the family went to Japan. The next years were busy with family and business. Three more children were born.

In 1968, as Linda was graduating, Mary Jane was ready to start her career. Superintendent Stripe needed a second grade teacher at the Elementary School. She accepted. How fortunate for us. She earned her teaching certificate from MSU and stayed with the second graders.

Dr. Linda Knibbs graduated from G.H.S. in the Class of 1966...Nancy Elliott, Class of '67...James Knibbs, Class of 1970...Holly Dockham, Class of 1974...Her aunt Margaret Joseph, Class of 1915...her brother, Bill, Class of 1937...She was reared with a strong educational background. Her father, Abe Joseph served on our School Board, as did brother Bill.

Another bit of trivia...Mary Jane's first 2nd grade students graduated in the Class of 1977 and one of these students was Scott Fick, a recipient of our Roy O. Milnes Award.

We are thankful for both of these Alumnae. Teachers are the means of educating our young people. These women chose the elementary level where it all begins...no greater reward than to watch their students graduate from High School and become G.H.S. Alumni.

Retirement

Each day about one thousand persons become sixty-five years of age. For many of them, this used to mean automatic retirement from a lifetime of productive work.

In 1978, federal legislation was enacted to end this discriminating practice. Retirement does not necessarily mean the end of a productive life. Indeed for some, who have planned and prepared for their retirement years and still possess good health, it opens the door to a new period of living. Today more people are showing interest in returning to the labor force on a part-time basis.

Retirement still comes to many people when they are at the peak of their productivity. The occupations that seem most prone to retain older people are the professions, clerical work, farming crafts, and maintenance housekeeping and babysitting.

Reactions to fixed retirement policies vary and are largely dependent upon how effectively other company policies have paved the way and helped prepare the worker for the adjustments that must be made.

Health is probably the most common reason for people to retire. The majority of persons over sixty-five give health as their reason for withdrawing from the labor force. Sometimes specific health problems force early retirement, but many times the older person just lacks the energy reserves to keep up the needed pace.

More and more persons are taking advantage of early retirement perogatives even though they must accept a decrease in Social Security or company retirement benefits.

Early retirement is encouraged by those who feel places must be made for the younger members of the work force. They feel that with rapid technology changes and the trend toward automation, younger people should be given the opportunity.

It is true that these two factors, technological change and automation, do eliminate some jobs, forcing older people into an earlier retirement. But to believe that the old must be sacrificed to the young is a grave mistake, both socially and economically. At one time a person worked until death. A few still work until the end of life but most work, retire, and then enter a period of post-retirement living.

Plastic Laminated Countertops

Call Edwards,
Ext. Home Eco.

Plastic laminated countertops, found in kitchens, bathrooms and some work areas, are durable, attractive and easy to keep clean if you follow some simple, sensible directions. Cleaning with a sponge dipped in warm, sudsy water, followed by rinsing, should do the job.

NEVER use scouring powder or other abrasives. These cleansers will permanently scratch the hard, smooth plastic surface, dulling it and making it more easily stained and soiled.

Special household cleaners that contain strong acids or alkalis, such as metal cleaners, oven cleaners and drain cleaners can damage the surface. If you accidentally spill some, wipe it off immediately and rinse the spot afterwards.

An occasional application of a cleaner wax, such as those used on kitchen appliances, will help coat the surface and protect it from staining.

Though plastic laminated countertops are durable, they can be damaged. Avoid cutting items directly on the countertops — always use a cutting board. Avoid ham-

mering heavy items on the countertop — you could gouge it.

The melamine plastic surface can withstand brief exposure to low heat, up to 275 degrees F, but higher temperatures can soften and burn it. Pans that come directly from the oven or off the range burners should be put on an insulated hot pad, never set directly on the counter.

The plastic surface will resist most stains, but some fruit drinks, food dyes, tea and coffee will stain quickly. Wipe up a spill at once and sponge with water. If that doesn't remove the stain, use a mild, all-purpose household cleaner full strength and scrub the spot with a soft bristle brush. Rinse thoroughly.

The indelible inks in marking pens or some food price labels can stain the counter. Use the all-purpose cleaner full strength and let it sit a minute to draw out the stain. Blot with a damp cloth until the stain is lifted. Rinse thoroughly.

Pre-Retirement Program at KCC

Katherine Grosser, Director of Health Occupations, Kirtland Community College, will be the guest speaker for the third (3rd) session of the Pre-Retirement Program currently offered by Kirtland Community College on Monday, September 29, from 7 p.m. to 9:00 p.m.

The subject for this session will be "Health and Well Being", covering general health care and maintenance, major health problems, and health care systems.

At present there are several vacancies in the program. Additional participants of all ages are invited to attend the remaining six (6) sessions at no charge. Registrations may be made at the door or by calling Kirtland Community College, 517/275-5121, ext. 228.

All sessions are being conducted by Central Michigan University in the Community Services Room, Student Center Building, on the Kirtland Campus, each Monday through November 3 from 7 p.m. to 9 p.m.

Road Commission Minutes

August 22, 1986

A regular meeting of the Crawford County Road Commission was held in their office in Grayling. Chairman Parker presiding. Present were: Commissioners Grover Cason and Gloria Kraus, Engineer-Manager John Keir and Acting-Secretary Joanne Thompson.

The minutes of the previous meeting of August 8, 1986 were read. Commissioner Cason made a motion to accept the minutes as read, seconded by Commissioner Kraus. All voted in favor, minutes approved.

Payroll Voucher Number 17 in the amount of \$25,379.05 and Material checks 11038 through 11098 in the amount of \$56,724.63 were presented to the Board for approval of payment. Commissioner Kraus made a motion to accept the vouchers, seconded by Commissioner Cason.

Cletis Spears, Beaver Creek Township Supervisor, appeared before the Board regarding the road name signing program & various roads in that township. Engineer-Manager Keir will map out Beaver Creek Township showing primary roads and local roads for the purpose of Road Commission/Township participation in the road name sign program for Mr. Spears.

Engineer-Manager Keir informed the Board of a Vacation-Land Council Meeting to be held August 28, 1986 in Gladwin County.

Charles Dixon and John Aleman appeared before the Board regarding a portion of Shaw Park Road.

Discussion was held on county roads being utilized by wood chip and pulp trucks.

A request was received to assume a road not currently in Crawford County Road Commission's jurisdiction. A letter shall be sent to the property owners stating the Crawford County Road Commission policy and a copy of the specifications needed to be performed before jurisdiction can be assumed.

Commissioner Kraus offered the following Resolution and moved for its adoption:

WHEREAS, the state intends to merge M-131 with I-75 at the location that would serve the largest number of travelers and traffic counts indicate that the majority of travelers driving north of the Higgins Lake exit at Grayling; and

WHEREAS, I-75, the main highway artery from the southwest portion of the state and US-27, the main artery from south-central Michigan meet south of Grayling, it is logical that M-131, the main traffic carrier from southwest Michigan should merge with I-75 near Grayling to better serve and utilize all three highways; and

WHEREAS, a proposal to supersede M-131 with M-72 is an economical way southwest Michigan travelers could have easy access to I-75 in central northern Michigan and

WHEREAS, Camp Grayling, a federally funded National Guard Camp continues to grow and becomes more important to the military, any roadway bringing guardsmen to Grayling more easily would be looked upon favorably by the federal government; and

WHEREAS thousands of travelers make their way to Grayling, the routing of M-131 to Grayling would result in a positive economic impact on the local economy;

BE IT THEREFORE RESOLVED THAT this governing body actively supports the routing of M-131 to Grayling.

Seconded by Commissioner Cason.

Ayes: Parker, Cason, Kraus

Nays: None

Resolution adopted.

Correspondence from Grayling Township was received and reviewed for 1987 road improvements.

There being no further business before the Board, a motion was made and seconded to adjourn. All voted in favor, meeting adjourned.

TO THE CUSTOMERS OF MICHIGAN CONSOLIDATED GAS COMPANY

Case No. U-8565

NOTICE OF GAS COST RECOVERY HEARING

On September 25, 1986, Michigan Consolidated Gas Company (MichCon) filed with the Michigan Public Service Commission an Application for Approval of Gas Cost Recovery (GCR) Factors for calendar year 1987, seeking approval of GCR factors to be reflected in its monthly billings to retail gas customers commencing in the January, 1987 billing month and continuing through the December, 1987 billing month.

MichCon requests approval of monthly GCR Factors of \$4.26 per Mcf (\$4.18 per Dth) to its customers' bills for each of the 12 billing months of January 1987 through December 1987. MichCon represents that, based upon its 1986 estimated average gas costs of \$4.38 per Mcf, approval of the proposed 1987 factors would lower the annual bill paid by an average residential customer using 145 Mcf by approximately \$17 per year.

In support of its Application, MichCon has filed testimony and exhibits giving details of its GCR Plan, including descriptions of the major contracts and gas supply arrangements entered into for the purpose of providing gas service during the calendar year 1987, its 5-year forecast of the gas supply requirements of its customers, its anticipated sources of supply, and its projections of gas supply costs in light of its gas supply purchase plan. The 1987 GCR Plan and 5-year forecast discuss, among other things, the substitution of MichCon's current service agreement with Panhandle Eastern Pipe Line Company, which expires in 1988, with a renegotiated agreement, and the possibility of an increased level of Michigan gas purchases in the future.

MichCon's filing, including its testimony and exhibits, is available for inspection at the offices of the Commission Secretary, 6545 Mercantile Way, Lansing, Michigan 48909, and at the offices of Michigan Consolidated Gas Company, 500 Griswold Street, Detroit, Michigan 48226.

A Utility Consumer Representation Fund has been created for the purpose of aiding the representation of residential utility customers in energy proceedings. Further information may be obtained from the Chairperson, Michigan Utility Consumer Participation Board, Department of Management and Budget, P. O. Box 30026, Lansing, Michigan 48909.

NOTICE IS HEREBY GIVEN that:

A. The initial hearing in this matter will be held at

1:30 p.m. on October 17, 1986, in the offices of the Commission, Mercantile Building, 6545 Mercantile Way, Lansing, Michigan, which hearing will be in the nature of a prehearing conference and will be held for the purpose of exploring and, if possible, agreeing upon matters which will expedite this proceeding.

B. Any person seeking to intervene, in accordance with Rule 11 of the Rules of Practice and Procedure Before the Commission, shall file with the Commission, on or before October 11, 1986, an original and 12 copies of a petition to intervene, together with proof of service upon Michigan Consolidated Gas Company, Office of General Counsel, 500 Griswold Street, Detroit, Michigan 48226.

Subparagraph (2) of said Rule 11 provides as follows: "(2) A petition to intervene shall set out clearly and concisely the facts supporting the petitioner's alleged right or interest, the grounds of the proposed intervention, and the position of the petitioner in the proceeding, so as to fully and completely advise the parties and the Commission of the specific issues of fact or law to be raised or controverted." (Emphasis added.)

The Commission will require strict compliance with the above-quoted rule.

C. For each billing month of calendar year 1987, THE GAS COST RECOVERY FACTOR DESCRIBED IN THIS NOTICE HAS BEEN REQUESTED BY MICHIGAN CONSOLIDATED GAS COMPANY. THE MICHIGAN PUBLIC SERVICE COMMISSION MAY APPROVE, REJECT OR AMEND THAT FACTOR.

D. Jurisdiction in this matter is pursuant to Sections 1, 2, 6, 7 and 8 of the 1909 PA 106, as amended, MCLA 460.551 et seq.; 1909 PA 300, as amended, MCLA 462.2 et seq.; Sections 3 and 4 of 1919 PA 419, as amended, MCLA 460.51 et seq.; Sections 4, 6 and 6a of the 1939 PA 3, as amended, MCLA 460.1 et seq.; 1982 PA 304, MCLA 460.6a, 460.6b, 460.6c, 460.6d, 460.6e and 460.6f; 1969 PA 306, as amended, MCLA 24.201 et seq.; and the Commission's Rules of Practice and Procedure, 1979 Administrative Code, R 460.11 et seq.

Crawford County Board of Commissioners

August 28, 1986 - Special Meeting

SYNOPSIS

The Special Meeting of the Crawford County Board of Commissioners convened at 10 a.m. on the 28th day of August, 1986 in the city of Grayling, Michigan.

Commissioners present were: Kitchen, Harland, Mattis, Ruddy, Miller & Joyce. Neilson - absent.

County Clerk Elizabeth Wieland was present.

There was 21 visitors present at various times.

The Special Meeting was called to order for the purpose of considering alternate ways to place a millage proposal on the General Election ballot to generate operational funding for a full-time Ambulance Department.

IN FORMAL ACTION, COMMISSIONERS:

— Amended the Agenda to permit Architect Don Morgridge to discuss the jail renovation project.

— Chose to pursue the creation of special assessment districts in all governmental units, except Frederic and Maple Forest Townships, for funding of a full time Ambulance Service rather than County wide millage.

— Authorized the hiring of an inspector in the Housing Rehabilitation and Community Development Commission office for the \$150,000.00 two year grant recently approved. The annual salary was set at \$13,000 plus fringes.

Many questions and comments were received from citizens present relative to the proposals submitted to the Board by the Ambulance Director.

— A 1.0 mill levy to provide County wide service and fund the County Department only.

— A 1.25 mill levy to provide the County wide service and supplies, training, per diem, etc. to units with their own service or a first responder.

Brief discussion was also held with Architect, Don Morgridge on Courthouse improvements (insulation, carpeting & etc.). Assistance will be requested from NEMCOG in available funding.

Meeting adjourned at 11:50 a.m.

Full text of official minutes are on file in the Clerk's office.

REGISTRATION NOTICE FOR GENERAL ELECTION

Tuesday, November 4, 1986

To the Qualified Electors of the Several Townships of Crawford County and City of Grayling, Michigan

Notice is hereby given that in conformity with the "Michigan Election Law", I, the undersigned Clerk, will upon any day, except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said Township, City or Village not already registered who may APPLY TO ME PERSONALLY for such registration.

NOTICE IS HEREBY GIVEN THAT I WILL BE AT MY OFFICE

Monday, October 6, 1986 - Last Day

During Regular Office Hours

The 30th day preceding said Election

For the purposes of REVIEWING the REGISTRATION and REGISTERING such of the qualified electors in said TOWNSHIP or CITY as SHALL PROPERLY apply therefor.

IN ADDITION TO THE ELECTION OF CANDIDATES FOR VARIOUS OFFICES, THE FOLLOWING PROPOSITIONS WILL BE VOTED ON:

PROPOSAL A

A PROPOSAL TO ALLOW FOR THE ESTABLISHMENT OF THE LIBRARY OF MICHIGAN WITHIN THE STATE LEGISLATURE

THE PROPOSED AMENDMENT WOULD:

Provide clear authority under the State Constitution for the establishment of the library of Michigan within the legislative branch of state government and require that the library be administered by laws enacted by the State Legislature. The library of Michigan was transferred by statute from the Department of Education to the legislative branch of state government in 1983.

SHOULD THE PROPOSED AMENDMENT BE ADOPTED? YES ☐ NO ☐

PROPOSAL B

A PROPOSAL ALLOWING FOR THE APPROVAL OR REJECTION OF ADMINISTRATIVE RULES BY THE STATE LEGISLATURE

THE PROPOSED AMENDMENT WOULD:

Authorize the State Legislature to enact laws which would permit the Legislature or a joint committee of the Legislature to approve or reject administrative rules proposed by state agencies. Administrative rules implement state law.

SHOULD THE PROPOSED AMENDMENT BE ADOPTED? YES ☐ NO ☐

PROPOSAL C

A PROPOSAL TO EXPAND THE AUTHORITY OF THE STATE OFFICERS COMPENSATION COMMISSION

THE PROPOSED AMENDMENT WOULD:

Transfer the authority to determine the salaries and expense allowances of the Secretary of State and the Attorney General from the State Legislature to the State Officers Compensation Commission. The Commission currently has the authority to determine the salaries and expense allowances of the State Legislature, the Governor, the Lieutenant Governor and the Justices of the Supreme Court. This proposal, if adopted, would go into effect on July 1, 1988.

SHOULD THE PROPOSED AMENDMENT BE ADOPTED? YES ☐ NO ☐

CRAWFORD COUNTY PROPOSAL

Shall the County of Crawford levy 1/4 (.25) mill tax for the period of two years (1987 & 1988) on property within the territorial limits of the County for the purpose of continued operations of Senior Citizen programs through the Commission on Aging within Crawford County.

"A Spirit of Caring"

BARBARA FARTHING, pictured above, first moved to the Grayling Health Care Center in May of 1986 from her home in Fairview where she was active on her apartment complex's resident council. Since coming to GHCC, Barbara has been an active resident regularly volunteering her time to assist the staff in any way she can. Barbara is also the daughter of a newspaper publisher.

By Barbara Farthing, Grayling Health Care Center Resident

You wake up frightened, press your call light and a cheerful voice answers, "What can I do for you?" You're not feeling well and a sympathetic voice asks, "Where do you hurt or feel bad?"

It's not just the efficient care you receive here at the Grayling Health Care Center that makes this place a pleasant home, it's the loving care that each employee shows toward each resident.

Countless times each day you will find helping hands leading a lost resident to their room, helping someone with a stubborn shoe or aiding someone in distress to a much needed bathroom.

There aren't enough words to convey the spirit of caring here at this well run facility. Everyone from the administrator to the dietary and housekeeping staff is always available to pursue a straying resident or give a word of comfort to a tearful soul.

As a resident volunteer I have learned to know everyone here and have learned how to handle the many

problems that arise, some of the residents like to try to flee via the exits and it is a great comfort to hear anyone in the area start running whenever the call comes over the intercom that unauthorized people are outside.

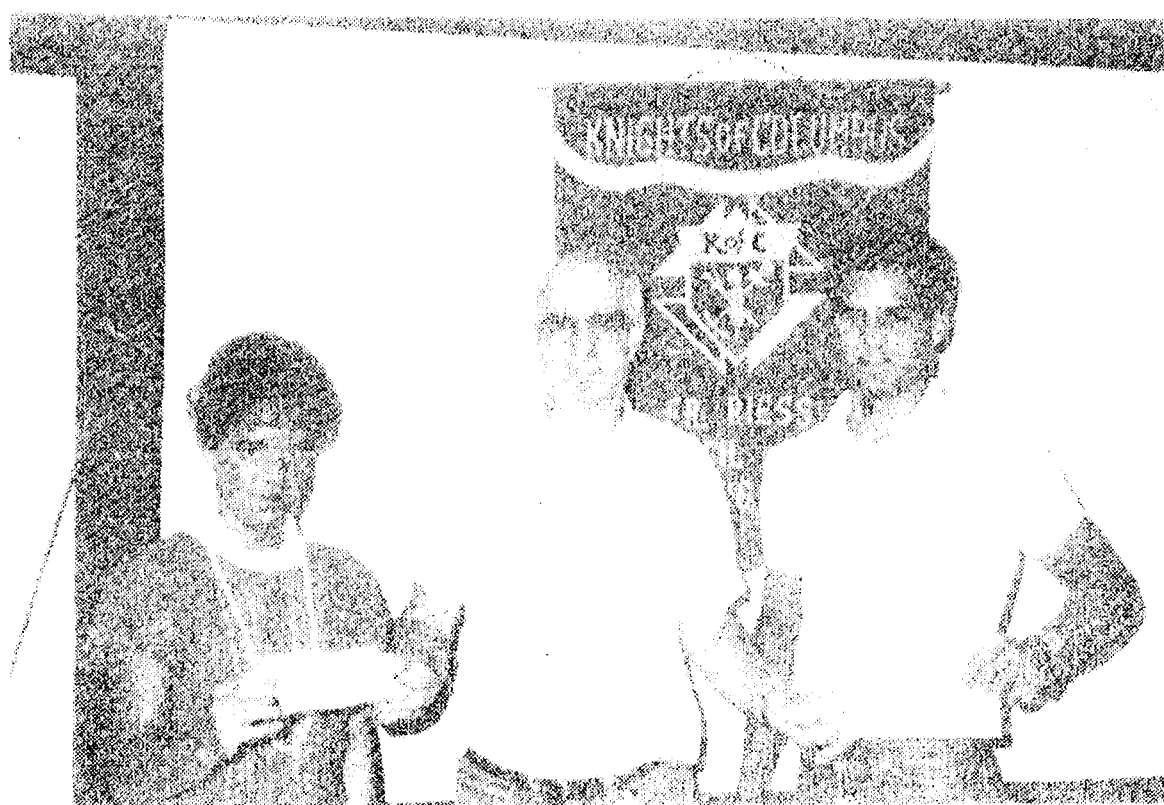

All in all, this is an excellent place to be when 24 hour care is needed. I have been here since May and even though I would rather be in my own home, I am content to stay here until I am able to be on my own again.

The bottom line on this article is the spirit of caring that is shown here. No where else have I ever seen the staff CARE for the residents as they do here at the Grayling Health Care Center.

Masons To Meet

There will be Master Mason's Degree presented Thursday evening, September 25th at Grayling Lodge #356. First section at 5:30 p.m., Dinner at 6:30 p.m. and second section at 7:30 p.m.

This dinner will feature the presentation of the Masonic Widow's Pins.

K of C SCHOLARSHIPS — The Grayling Knights of Columbus has awarded \$500.00 Scholarships to two local students for the 1986-87 school year. Receiving scholarships were Bill Martella, who is a senior at Central Michigan University, majoring in Computer Science and Melissa McEvers, who is a junior at Hope College in Business Administration. The K of C appreciates all the students who took the time from their busy summer schedules, to apply and hope that the ones that are eligible will apply again next year. The K of C also wishes these students continued success in their scholastic endeavors. Pictured above is McEvers, Grand Knight Jerry Fagan and Martella.

BPW To Meet Thurs., Oct. 2

The Grayling Business & Professional Women's Club (BPW) will hold their regular meeting at the Holiday Inn on Thursday, Oct. 2, 1986.

October is Business Women's month and we invite all working women to attend. Our special guests for the evening will be District #3 officers. Ms. Therese Lile, District Director from Traverse City; Ms. Mary Hoadley, Assistant Director from Elk Rapids, and Ms. Audrey Lau, State Task Force committee member, also from Elk Rapids.

This is our annual membership drive and the only requirement for membership is full or part-time employment. Dinner will be served in the main dining room at 6:00 p.m. The meeting will be in one of the Evergreen Rooms by 7:15. If you are coming for dinner, please call the Holiday Inn: 348-7611, Ext. 303 for a reservation.

Our projects are many and varied; co-ordinating Christmas baskets for Community Services, the playground equipment in the City Park, and our new one, renovating a room at the Crawford County Historical Museum: Our slogan is (Women Helping Women). Won't you join us and Help us Help you.

Official New Map Free to Travelers

Michigan's new Official Transportation Map is making its debut as part of the state's 150th birthday celebration.

The map is one of the Michigan Dept. of Transportation's projects for the state Sesquicentennial celebration, which began in June and will continue through 1987.

It is the most up-to-date map of Michigan available and can be obtained from the department at no charge. The Michigan Travel Bureau has begun distributing them as part of an effort to encourage travel in Michigan during the Sesquicentennial year.

The cover photo has a historical theme and shows a sentry in early American military uniform standing atop a parapet at old Fort Mackinac, overlooking Mackinac Island village and harbor. The official Sesquicentennial logo is prominently displayed.

Inside is a full-page spread of a beach at Warren Dunes State Park on Lake Michigan, typical of the Great Lakes shoreline for which Michigan is famous. A narrative describes some of the features that make Michigan unique among the

Commission on Aging

As Commission on Aging ends the fiscal year '85-86, our units of service show an increase in the number of persons receiving our services and activities. Our pledge to you is to continue this growth in our new fiscal year. We encourage both new persons in the community and those who already live here to come in and see what we can do for you.

Our programs and services are varied: Congregate Dining offers social time and nutritious meals; Meals on Wheels brings food to persons unable to leave their home; Information & Referral is a resource to assist you in getting the information you need; Home-making provides light house-keeping assistance; Community Service programs helps you to be informed about the changes in your life; Adult Enrichment provides interesting learning experiences, ranging from oil painting to flower arranging; Friendly Visitors visit the home bound persons; Health Programs offer checks for problems, and exercises to stay healthy; Recreation is for fun and games, sing, dance, etc.; Chore Service performs home repair and maintenance; and Senior Companions provide companionship to homebound persons on a regular basis.

We are flexible and open to new ideas and opportunities; let us know your needs. In the meantime, you can take advantage of what we now offer through your participation in COA programs. For more information, stop by the COA office, 308 Lawndale Drive anytime Monday-Friday, 8:30 a.m.-4:30 p.m., or call us, 348-8031. We'll be happy to hear from you.

Mrs. Elsie Kearney is a patient at Mercy Hospital. Her many friends wish her a speedy recovery.

Mrs. Cora Davis and Mrs. Margie Harwood joined the Le Coache Tour group on their trip to Mackinaw Island where they will spend a few days at the Grand Hotel.

Women's Aglow

The Grayling Women's Aglow will be having their first meeting of the season Saturday, September 27, at the St. Francis Episcopal Church, M-72 west in Grayling.

An exciting year of ministry and worship is ahead and this meeting will be no exception. The meeting will begin with refreshments from 9:30 - 10:00 a.m., after which the ladies will have a time of worship and song.

Joining Aglow this month for ministry will be Dave and Karen Ross, from Grayling. The Ross' have a unique music ministry which is always appreciated and enjoyed by its listeners.

Aglow is an interdenominational group of women who join together to worship and uplift the name of Jesus. All our area ladies are welcome and encouraged to attend.

Chamber Notes

By Terry Wright

The Grayling Regional Chamber of Commerce is a voluntary partnership of business and professional people working together to build a healthy economy and to improve the quality of life in the Grayling area. As your chamber works to accomplish these goals, it wears many hats: economic developer and planner; tourist information center; business spokesperson; economic counselor and resource center; government relations specialist; human resources advisor, and public relations practitioner.

As we work together in partnership with you to improve our community's economy and quality of life, your chamber keeps these broad objectives in mind:

1. To help businesses prosper and grow.
2. To increase job opportunities.
3. To encourage an orderly expansion and development of all segments of the community.
4. To contribute to the overall economic stability of the community.
5. To encourage and promote private enterprise through competitive marketing.

Your chamber of commerce activities reflect your community's needs as determined by the general membership. Chamber members are businesses, organizations and individuals concerned with the socio-economic climate of the Grayling area. They have joined together because they know they stand a better chance of getting things done when they speak as one voice.

If this makes sense to you and you are not already a part of the Grayling chamber you are invited to join our efforts in a "Partnership in Progress." For more information stop by the chamber office in the city park or call today, 348-2921.

His Tomorrow... ... Our Today

"I'm on my way!" Such is the confidence his eyes as well as his lips express. If all youngsters could be certain an exciting destiny is theirs...

Many aspects of our children's tomorrow depend on our today. Are we instilling a right sense of values? Cultivating spiritual and moral awareness? Setting an example of responsible living? Encouraging the development of

strong character, firm faith?

Conscientious parents rely upon the religious institutions of our community for support. Family worship, Bible study, wholesome service activities have a vital influence in shaping a youngster's future.

Praying that God will guide our children's tomorrow—naturally we turn to Him for guidance today.

Something that's been pending for a while comes to a head. The love life takes a turn for the better.

Developing a new skill adds to the success of your work unit. Your value to the firm is recognized.

The end of the week brings a new beginning in creative activities or romantic pursuits. Look for the unspoken message.

Concern for family well being brings your work closer to home. Real estate holdings increase in value.

Do not let misunderstandings spoil family relationships. Communicate your feelings and clear the air.

Financial matters are of major concern. Look in to dealings in such things as jewelry, beauty aids, high fashion.

An unexpected encounter with a media personality brings you a degree of prominence, and could lead to important contacts.

You'll be busy behind the scenes getting to the bottom of a list of things that have to be done NOW.

The pace of social life quickens. You would benefit from membership in a group that promotes career possibilities.

Matters having to do with career and reputation are on the line. Avoid making a big splash.

Don't be too eager to put yourself out in front. Hold back a little and let another take the lead.

Focus is on joint financial matters. Being too secretive arouses resentment. Keep things out in the open.

Herbal Corner

When one thinks of raspberry one thinks of a round juicy berry with seeds - sometimes a nuisance for the teeth. But, darlin', did you know that raspberry leaves - wild ones - are loaded with calcium? Raspberry leaves are used by pregnant women throughout their pregnancy for the calcium, but also for morning sickness. Raspberry leaves in tea are good for nausea of nearly all kinds. It also is taken freely during pregnancy to help during parturition.

It is said that one ounce of the dried leaves in a pint of boiling water infused then strained is good as a gargle for sore mouths, canker of the throat, and as a wash for wounds and ulcers. This does not surprise me when you consider that calcium is needed for healing in any illness or injury. Calcium is good for bones and teeth, but is also a building block for healing wounds and other injuries.

This would probably explain why comfrey is called the healing plant. By nature any hairy-feeling leaf is loaded with calcium: raspberry leaf, comfrey leaf, alfalfa, horse-tail, just to name a few. Comfrey has almost always been employed as a healing agent for broken bones, externally as well as internally. Comfrey has allantoin, the chemical your body has when healing is needed. Comfrey root powder, with aloe juice added, is said to be used for wounds. I, myself, use this as a poultice whenever my fingers uncordially meet with a hammer and lay my skin back away from muscles and fingernails. Within two days, no bandage is necessary, redness is gone, and the skin is being replaced by a new one. As yet, I have no scars. Yes, darlin', I have had to do this twice. Would you believe same finger on either side?

Herbally yours,
E. Diona Cerelli, C.H.

Small Business Seminars

A seminar designed to help Grayling area business people improve the effectiveness of their advertising will be held Wednesday, October 2 in Gaylord.

Sponsored by the Northeast Michigan Consortium, the seminar will offer a "hands on" approach to creating, designing and buying advertising.

Scheduled for 8:00 a.m. to 4:00 p.m. at the Chalet Motor Lodge, the Advertising seminar is the first in a series of business related seminars scheduled for the Grayling area in the coming months.

Tom Ferguson, president of a Saginaw advertising, marketing and public relations firm will be the presenter. Business people are encouraged to bring samples of their advertising.

Upcoming seminars scheduled for the Grayling area are:

- ★ Writing A Business Plan October 23.
- ★ Finance: January 29.
- ★ Developing Business Relationships March 5.

The seminars are co-sponsored by Kirtland Community College, the Michigan Dept. of Commerce and the U.S. Small Business Administration.

Business people interested in registering for any of the seminars may contact the Northeast Michigan Consortium, Small Business Center in Onaway at (517) 733-8548 or Dale Losee at Kirtland Community College, (517) 275-5121.

You Wonderful Blood Donors of Crawford County!

You did it again! One hundred twenty three of you came to the American Legion Hall last Wednesday, September 17th to give a pint of your precious blood and four were "first timers".

You responded to our plea and made this one of the largest September Blood Banks in Red Cross history in Crawford County!

And there were lots of Donors who reached an even gallon of blood-donating and were awarded gold pins acknowledging their accomplishment; Michael Cannoy, Patrice Holzman, and Jeanette Thornburg received one gallon pins. Donald Bentley and James Stevens received two gallon pins. Mary Brown, Lorena Elmy, David Kalka, Leonard Keesler and Kirtland Kitchen, each received three gallon pins. Robert Prause received a six gallon pin. Shirley Hunnicutt received a nine gallon pin.

Francis G. Hudson received a fifteen gallon pin! Fifteen gallons equals 120 pints. That means that Francis Hudson has given ten times his normal body supply of blood. We honor you!

Special recognition is also earned by the following top Donor groups: M.A.T.E.S., Camp Grayling, Crawford County Road Commission, Crawford Ausable Schools, Fick & Sons, Mercy Hospital and Weyerhaeuser Company.

CARD OF THANKS

We wish to thank all of our relatives and friends for the prayers, visits, cards, and flowers during the illness and death of Andie Neilson.

We would also like to thank all of the departments and organizations who gave their support and time. Thanks to all for the food sent to the home for the family and bereavement luncheon following the funeral.
